

Work with kids and out in the nature

team volunteering project
Liminka, Finland
22 June - 10 July 2026

The municipality of Liminka in Northern Ostrobothnia offers many opportunities for people who enjoy nature and cultural activities.

LEADER

**Nouseva
Rannikkoseutu**

In this project a team of eight (8) volunteers will work together with local 4H association in versatile tasks to create activities for local children and youth as well as participating in annual agricultural fair. Volunteers will also work in tasks to improve the state of nature.

Volunteers' tasks include e.g.

- **planning and implementing day camp activities for children/youth**
- **organizing activities for local agricultural fair**
- **recovering threatened coastal plant species and their habitats**
- **removal of invasive species**
- **producing photos and videos**

Accommodation, food and transportation arrangements

Volunteers are accommodated in a dormitory in individual or shared rooms. Volunteers need to cook for themselves (food allowance and pocket money will be provided). Some of the work tasks take place within walking distance from the accommodation. A car transportation to work tasks is provided when necessary. Main services locate within walking distance. Public transportation is available to nearby cities. Mandatory costs are covered according to programme rules.

Training

Volunteers will participate in on-arrival training. Task related support and mentoring will be provided.

Volunteer profile

We would like to receive active volunteers who are motivated to work together with local community. Some tasks are done outdoors so volunteers need to be prepared to work despite the weather. Working hours will change according to tasks, so volunteers need to be flexible.

How and when to apply?

Send your motivation letter and CV to erja.simuna@nousevarannikkoseutu.fi

Application deadline: 19 March 2026

What happens then?

If we think you could be the volunteer we look for, we will contact you and agree a time for an interview. During the interview we'll discuss more about the project. The interviews take place between 13 – 17 April.
